# VX55 4WD

## Key Product Features & Benefits

### Waterproof Kinetic Remote

Take control of the VX55 4WD with the super responsive kinetic remote. The remote lets you drive the cleaner to where you want it to go, or just have fun! The remote is waterproof and it even floats.

### eBox

The improved electronic control box, or eBox, makes it easy to operate the cleaner at the touch of a button. The ebox allows you to program the cleaner to run each day for up to 7 days when you go on holiday. It indicates when the filter canister is full and it also allows you to activate the patented Lift System.

### Patented Lift System

Enjoy easier removal of the cleaner with 20% less effort.

### Patented Vortex Vacuum Technology

Vortex technology provides powerful and constant cyclonic suction. This allows the Vortex-Pro Robotic Cleaner to capture large debris such as gum nuts, twigs and eucalyptus leaves whilst not losing suction power.

### Vortex-Pro 4-Wheel Drive

Thanks to its 4-wheel automotive drive system, the cleaner overcomes all obstacles with an amazing agility making sure all areas of your pool, such as floor, walls, steps and waterline are perfectly cleaned.

### Extra large suction mouth and brushes

The new Contact+ brushes and large opening mouth underneath adapt to all kinds of debris for deep cleaning of floor, walls and waterline.

### Large easy to clean filter canister

Never touch debris again thanks to the easy access and hygienic design of the filter canister. Clean and remove debris in a matter of minutes with minimum fuss.

### Plug & Play Simple Installation

Simply plug the power cord into a regular 240V wall socket and press START on the control box. The Zodiac VX55 4WD starts cleaning whilst you relax.

**Certified to Australian safety standards**

## Product Specifications

- Robotic pool cleaner
- Easy installation: plug & play
- Cleaning cycles: floor only or floor/walls/waterline or waterline only. Up to 3 hours, adjustable.
- Energy consumption: 150 watts per hour which is less than running a LCD TV for 1 hr.
- Number of motors: 3
- Type of wheels: 4-wheel drive
- Weight: 9.5 kg
- Suitable for all shapes of in-ground pools 15m x 7m
- Suitable for concrete, pebblecrete, quartzon, tile, fibreglass, vinyl surfaces

## Packaging Content

- 1 Robotic cleaner + 21m cable
- 1 Control eBox
- 1 Transport storage caddy
- 1 Remote control
- 1 Instruction manual + warranty card

Zodiac lives in the backyards of Australian families, at home in the pool.
